

Items for Sale

Please contact mike@indiancreekwinery.com for any questions

Tank 1 is approximately 80 Gallons and mounted on a swivel. Conical bottom with 2" TC fitting. Make an offer.

Tank 2 is approximately 400 Gallons. Has a 2" TC fitting on bottom, 1.5" TC on vent, large manway on top, conical bottom. Make an Offer

40x40cm Della Toffola Plate and Fram Filter. 1.5" TC inlet and outlet. Also includes pressure gauges, sample/vent valves (not shown). Will also include a variety of pad filters. Very good condition although some gaskets could probably use a replacement. \$2000.

Aladdin Heated Pressure Washer. Diesel/Kerosene heated. 220V 1Ph. Has been a great pressure washer for us and worked well when we put it away 2 years ago, has not been touched since so likely needs a tune up. \$2000 OBO

HydroTek Pressure Steamer. Lower pressure but hotter temperature, great for steaming barrels and sanitizing the bottling line. 110V 1Ph, diesel burner. Just like the Aladdin, worked great but has not been touched in about 2 years so likely needs a tune up before using. \$2000 OBO.

Old Vaslin style press. This old mechanical press acts like a horizontal basket press. This has not been in use for 20+ years and will likely need a bit of work, luckily the mechanics are extremely simple as it's a single motor. Make an offer.
